HISTORY & Recognition

Founded in 1979 in Dublin in Ireland, Centre of English Studies (CES) Founded in 1979 in Dublin Ireland Centre of English Studies (CES) has grown to become one of the best known and most trusted English language schools in the world.

A family - run business that started with a single small junior summer centre over 40 years ago, CES now operates 8 year-round centres in Ireland, England, Scotland and Canada. Still a family-run business with its headquarters in Dublin, CES was one of the first schools in Ireland to operate a Junior English Language and Activity programme (specially designed for students of 12-17 years of age), and we have carefully developed our programmes over the years to keep up with the needs and requirements of our ever-evolving clients.

Our motto is Care, Excellence and Success, and we pride ourselves on having used our 40 - years of experience to help students from all over the globe achieve their learning goals, while also making sure that each and every student leaves our schools with memories and friends that will last a lifetime. Our international mix of students is one of the fundamental ingredients for the success of our Junior Summer Programmes, and every summer CES welcomes clients from over 50 countries, meaning students will have to chance to meet and make friends with others from all over the world.

All CES schools are nationally accredited in the countries in which they operate (The British Council in the UK, ACELS in Ireland and Languages Canada in Toronto). Many of our centres are also accredited by IALC and Eequals. All CES teachers have the appropriate national teaching qualifications as well as meeting our high standards of safe-guarding. CES follows strict safer-employment criteria when recruiting teachers and social activity staff. Each Junior summer centre will have a Principal, a Director of Studies and a Social Coordinator. There will also be a team of CES 'Yellow Shirts' to help you get the most out of your time with us. We currently run Junior Centres in Dublin, Toronto, Worthing, Edinburgh, Oxford and Leeds.

We look forward to you joining us this summer!

AS MANAGING DIRECTOR OF CENTRE OF ENGLISH STUDIES (CES), it gives me great pleasure to introduce you to our junior course brochure. This brochure will give you detailed information about all of our junior locations, centres and courses.

For more than 40 years, CES has welcomed thousands of students from over 66 different countries. All come to learn and improve their English and discover a little more about our culture and people.

Our aim in CES is to give you the best possible course and to help you improve your language accuracy and fluency, thereby allowing you to meet your future needs and ambitions.

My teams and I look forward to welcoming you to CES and to helping you achieve your language goals.

Students should keep informed as to the conditions and regulations applicable to their particular situation at any given time.

HOMESTAY

Our most popular accommodation option is available at all of our junior summer centres and is the backbone of the CES experience.

While staying in carefully selected homestay accommodation, our students will have the opportunity to engage with the local culture and to experience what it is like to be part of a local family. This immersive English-speaking experience helps our students to develop natural language and the confidence to interact with native speakers.

Students who choose to take homestay accommodation will share a room with other international students and have the opportunity to make new friendships that span the globe (In Toronto single rooms only).

All of our homestays are visited and monitored by our experienced CES accommodation teams and are chosen for their friendliness and the warm welcome with which they greet each student. Homestay accommodation is offered on a full board basis with breakfast and dinner enjoyed at the family home and a packed lunch provided by CES, during the week. Our homestays are located as conveniently as possible to our schools and near to excellent public transport links that allow students to travel to school safely and with confidence.

RESIDENTIAL

CES is delighted to be able to offer residential student accommodation at our junior summer centres in Edinburgh, Oxford and Toronto.

In each centre our accommodation has been specifically chosen to meet the needs of young language learners and to provide a safe and secure environment where students can relax and interact with each other outside of the classroom.

Our residential student accommodation is provided on a full board basis and we offer a mix of single ensuite rooms and single rooms with shared bathroom facilities depending on the location.

In order to maximise the student experience, those students who choose to stay in residential accommodation will have additional evening activities led by our enthusiastic social programme team. All of our residential accommodation locations have 24/7 security and CES representatives will always be on site to provide assistance and peace of mind.

Our residential accommodation is very popular and we recommend booking early to ensure availability.

ACADEMIC

CES INTERNATIONAL JUNIOR GENERAL ENGLISH SUMMER SCHOOL – 20 LESSONS PER WEEK

Our hugely popular and long-running International Junior Summer School programme offers young learners the opportunity to improve their English language skills in a fun, challenging and welcoming environment. Our focus in the CES Junior Programme is primarily communicative and is designed to activate, expand and develop the students' language skills.

We focus on developing core language skills, with a particular focus on speaking and listening in class. Students will engage with authentic English language materials and be encouraged to take part in debates, role plays and interactive task-based activities to develop their fluency and confidence. In addition to introducing new vocabulary and grammar, our teachers will also encourage their students to improve presentation skills and techniques that they can apply to future education and careers.

Students will also be tasked with researching and giving presentations on projects that we assign weekly. Project themes can be either topical, based on issues that they care about, or on aspects of Irish, UK or Canadian culture such as literature or history, appropriate to student age and level. They will also be given time to find out about how students from other countries experience being a teenager. Each class has a weekly progress test and will be based on the week's learning aims.

Students will typically have two teachers. Lessons are learner-centred, and ongoing needs analysis means that course work is constantly adapted to the each individual student. Learners can expect to get plenty of homework and feedback from their teachers.

JUNIOR SUPER INTENSIVE SUMMER COURSES – 26 LESSONS PER WEEK (25 Lessons In Toronto)

Our Junior Super Intensive Summer Course is ideal for students who want to develop their language further through additional afternoon lessons. These lessons generally take place in smaller classes than the morning lessons and can be used to prepare students for upcoming exams. Students choosing to study on the Junior Super Intensive Programme will have lessons on Tuesday, Wednesday and Thursday afternoons and will join the social and activity programme on Monday and Friday.

Our weekend and evening social programme ensures that students will still receive a genuine cultural experience to complement their classroom learning.

SOCIAL

IN CES WE KNOW HOW IMPORTANT THE 'SOCIAL SIDE' OF THE PROGRAMME IS.

Students travel from all over the globe to attend our centres and we do our very best to ensure that you will go home with friends from both your own country and all over the world.

Each centre has a dedicated team of 'Yellow Shirts' who will organise a full and varied social and cultural programme for you. Where possible, weekly project topics are integrated with afternoon cultural visits where students are encouraged to develop the English skills they have obtained in class. Fun activities like zumba / yoga / CES Olympics / arts & crafts and sports are organised on the campus, but you will also have a chance to visit some of the top tourist and historical attractions in your chosen location. Edinburgh Castle, Buckingham Palace, Trinity College or Toronto Island – the choice is yours. We look forward to making your time with us as enjoyable as possible!

DUBLIN

Mount Temple Comprehensive · Mercy College · St. Paul's College

AGES 14-17

GROUPS & INDIVIDUALS WELCOME!

CES operate 3 Junior Summer Centres in Dublin – Mount Temple, Mercy College and St. Paul's College.

All three centres are located to the north of Dublin city, between 3-5km from the city centre. Each centre is located close to major public transport links so it is easy to move to and from your homestay to the school and from the school to the city centre. All centres have a dedicated, individual management team of a Principal, a Director of Studies and a Social Co-Ordinator. Our 3 summer centres are Irish State secondary schools during the academic year so have excellent classroom and sport facilities as well as large grass covered open spaces. CES has been running these 3 centres for over 20 years, and we maintain a network of excellent homestays in the surrounding areas.

PROGRAMME INCLUDES:

- ✓ Full board Homestay accommodation
- ✓ 15 hours of English language course per week

English Language & Rugby

CES and the I.R.I (Irish Rugby Institute) have successfully run our rugby programme for more than 10 years. Ireland has become one top rugby playing countries in the world with the national and provincial sides doing very well internationally. Our 2 week programme caters for all levels of rugby players where the focus of the programme is about skill development (passing / kicking / tackling), nutrition for rugby knowledge, tactics and above all, fun!

Male and female students from all over globe have come together on this programme to improve themselves as rugby players in a superb international environment.

The I.R.I coaches all hold the Irish Rugby Federation coaching qualifications and some have played the game at the very highest international level. Intensive, dedicated and strong are how the rugby students have ranked this programme.

**Please note that students taking this course must attend Mount Temple School. Students must bring their own rugby boots and gum shields/mouth guards*
