## SPANISH OR ENGLISH CLASSES

don Quijote has developed its own teaching methodology which has proved to be very successful. Our teaching approach is designed to build each student's confidence and fluency in speaking Spanish naturally and spontaneously.

This teaching methodology is inspired by project-based learning which develops not just linguistic skills in the context of language immersion, but also essential strengths such as critical thinking, creativity and teamwork. In addition, we offer a great framework to make language learning more fun and enjoyable at any age.

### EXCEPTIONAL TEACHERS

We know the difference a great teacher makes in language learning. All of our teachers hold specialist teaching qualifications and have an average of eight to ten years of teaching experience. Their enthusiasm, creativity and dedication to students' success is what makes don Quijote teachers stand out.

### EARN A LANGUAGE CERTIFICATE

Each student will receive a certificate and detailed evaluation on their last day of camp.

### INNOVATIVE AND PERSONALIZED TEACHING METHODOLOGY

Our proven teaching method is based on project and action learning. A hands-on method where students gain confidence and enjoy learning Spanish while working on real-life projects.

Students will work in teams, brainstorm about their project, evaluate solutions, assign roles to each member, decide on the media in which to present the project (video, photos, poster, presentation, etc.), choose the materials needed, budget and manage their time. Meanwhile, they learn and improve their leadership skills, teamwork, communication skills, emotional intelligence, and confidence.
