Studying *at* ES!

Whether you aim to brush up your language skills, improve your English ability to reach a high IELTS score, progress to further study or study English for the fun of learning, our English courses will help you achieve your objectives.

All ES courses are designed to help you develop your language and communication skills, improving your reading, writing, listening and speaking, while studying a range of topics, depending on your ability. You will also learn new grammar, vocabulary and pronunciation.

Our full-time courses consist of 15 lessons per week, for semi-intensive English courses, and 30 lessons per week for intensive classes. You also have the chance to supplement your studies, taking additional lessons such as speaking, business and IELTS classes.

Level **duration:**

Our levels last 12 weeks when taking semi-intensive classes and six weeks when taking the intensive option. Although we start every six weeks, you can join our programme any Sunday as we deliver the course units on a rotation basis.

How we measure **your progress:**

There is a progress test every two weeks, followed by feedback from your teacher, to set your learning objectives for the following month. Your progress is then recorded in your student portal where you will be able to see all your scores from the beginning of your course, as well as seeing how your exam results compare to the class average.
